Applications

- Dirty Water Transfer
- Grey Water
- Household Waste Water
- Sump draining
- Pool emptying
- Waste Water systems

Features & Benefits

- Solids Handling 15mm
- High Performance
- Thermal Overload Protection
- Low Power Consumption - 180 watts
- 10m power cable, H05RN-F
- Includes multi-stage hosetail
- Attractive retail packaging

Construction

- Stainless Steel motor housing and shaft
- Technopolymer Vortex Impeller
- Dual mechanical seal with oil chamber
- MAC 3 type float switch, depth adjustable
- Motor insulation Class B
- Cast Iron base and outlet
